Policy Name	Drugs and Alcohol at Work

Policy Statement

The West Daly Regional Council's Commitment

The Council and its employees must take all reasonable care not to endanger the safety of themselves or others (including customers) in the workplace. Alcohol and other drug usage become an occupational safety and health issue if a worker's ability to exercise judgment, coordination, motor control, concentration and alertness at the workplace is impaired. For the purposes of this policy, the term "employee/s" shall extend to cover contractors, volunteers and any person performing work for or with the Council in any capacity.

The Individual's Responsibility

Under the *Occupational Safety and Health Act* (the OSH Act), workers must take reasonable care of their own safety and health and not endanger the safety and health of others at the workplace. The consumption of alcohol and/or drugs while at work is unacceptable, except in relation to any authorised and responsible use of alcohol at workplace social functions. Employees are required to present themselves for work and remain, while at work, capable of performing their work duties safely. An employee who is under the influence of alcohol and/or drugs at the workplace, or is impaired, may face disciplinary action including possible termination of employment.

Reporting Requirements

Employees must report to their employer any situation where they genuinely believe that an employee may be affected by alcohol and/or other drugs.

Drug Use on the Premises

Employees who buy, take, or sell drugs on Council (premises), may be found to have engaged in serious misconduct. Such behaviour may result in disciplinary action up to and including dismissal. Employees who have been prescribed medication/drugs by a medical practitioner that could interfere with their ability to safely carry out their role must inform their manager or Human Resources and disclose any side effects that these medication/drugs may cause.

Consumption of Alcohol on the Premises

Except in situations where the Council holds a function on the premises and alcohol is provided, employees must not bring in and/or consume alcohol in the workplace.

Drug/Alcohol Treatment Programs

Where an employee acknowledges that they have an alcohol or drug problem and are receiving help and treatment, the Local Government will provide assistance to the employee.

- The Local Government will allow an employee to access any accrued personal or annual leave they are undergoing treatment.
- The Local Government will take steps to return an employee to their employment position after completion of the treatment program, if practicable in the circumstances.
- Where an employee acknowledges that they have an alcohol or drug problem and are receiving help and treatment, the line manager or members of senior management, will review the full circumstances and agree on a course of action to be taken. This may include redeployment to suitable alternative employment, or possible termination from employment if the employee is unable to safely carry out the requirements of their role.

Managers' Responsibilities - Consumption of Alcohol at Work Sponsored Functions

Team managers shall:

- encourage their people to make alternative arrangements for transport to and from work prior to the function;
- ensure that the following is made available: - Low alcohol beer, soft drinks and water - Beverages: Tea, Coffee and Food;
- if the manager believes a person may be over the BAC 0.05 limit, assist the person with safe transport home (including contacting a family member or arranging a taxi); and
- if the manager has to leave the function early, appoint a delegate to oversee the rest of the function.

Pre-Employment Medical Tests

As part of the recruitment selection criteria, preferred candidates for employment positions may be required to attend a medical assessment which includes drug and alcohol testing.

Identification of Impairment & Testing

If the Council has reasonable grounds to believe that an employee is affected by drugs and/or alcohol it will take steps to address the issue.

Reasonable grounds may include (but are not limited to), where an employee's coordination appears affected, has red or bloodshot eyes or dilated pupils, smells of alcohol, acts contrary to their normal behaviour, or otherwise appears to be affected by drugs and/or alcohol.

If the Council suspects that an employee is under the influence of drugs and/or alcohol it may pursue any or all of the following actions:

- direct an employee to attend a medical practitioner and submit to a medical assessment to determine whether the employee is fit to safely perform their duties;
- require that an employee undergo drug and alcohol testing administered by a representative of a medical clinic.
- direct an employee to go home.

Darwin Office

Unit 1/70 Cavenagh Street, Darwin NT 0800 | GPO Box 3775, Darwin NT 0801 | Ph: 08 7922 6403

Email info@westdaly.nt.gov.au | www.westdaly.nt.gov.au | ABN: 25 966 579 574

A medical assessment may include a drug and/or alcohol test. Testing shall be conducted in accordance with the Australian Standard AS/NZS 4308:2008 - Procedures for specimen collection and the detection and quantitation of drugs of abuse in urine.

In circumstances where an employee indicates the consumption of prescription or pharmacy drugs, the Council may request further information from the medical practitioner conducting the assessment about the effects and proper usage of the prescription or pharmacy drugs being taken. The Council may direct the employee to go home following the medical assessment until it can be established that they are fit to undertake their duties.

If an employee refuses to attend a medical examination or refuses to submit to an alcohol or drug test, the employee will be immediately directed to go home. Refusal to attend a medical assessment or refusal to go home constitutes a breach of this policy and may result in disciplinary action being taken against the employee up to and including the termination of employment.

The following steps are to be taken where an employee who has submitted to a medical assessment returns a positive test result for alcohol and/or drugs:

- The employee tested and the supervisor (or respective employer) will be informed of the result;
- A disciplinary discussion will take place in accordance with the disciplinary policies and procedures of the Council.

An employee who returns a positive test will be in breach of this policy. A breach of this policy may result in disciplinary action being taken against the employee up to and including the termination of employment.

Education, Training & Awareness

Employees who recognise that they have a drink or drug problem, or that they are at risk of developing one, are encouraged to come forward so that they can be assisted to get the appropriate help.

The Council engages the services of an external Employee Assistance Provider who can provide the organisation's people with free and confidential counselling

Consequences of Breaching this Policy

An employee engaged by the Council who breaches the provisions of this policy may face disciplinary action including possible termination of employment.

Variation to this Policy

This policy may be cancelled or varied from time to time. All Council employees will be notified of any variation to this policy by the normal correspondence method.
