A **vision** is a statement that explains where Council wants to be and what it wants to do in the next 4 years.

## What is a Regional Plan?

A **Regional Plan** is a document that explains how West Daly Regional Council is going to do what it wants to do, including how it will operate and grow.

It makes sure Council is planning for the projects it is going to do, the jobs it will make and the services it will provide.

## Why are they important?

They are documents that all councils need to prepare. It gives the Elected Members and the Council a plan that they need to stick to when they make decisions.

We have never done a Strategic Plan before, but it is important that we have one in place to guide our decisions for the future.
